1. INTRODUCTION

WELCOME is an institution-based mobility and scholarship project organized by a Partnership of some of the most prestigious universities in Europe and in the project's target countries. It is developed within the frame of the Erasmus Mundus Action 2 (EMA2) program, a cooperation and mobility scheme funded by the European Commission with the goal of promoting the exchange of persons, knowledge and skills at the higher education level.

WELCOME is one of three projects selected by the European Commission in 2011 under call EACEA/41/10, Action 2, Strand 1, Lot 2, and is aimed to the following target countries: Egypt and Lebanon.

The project provides scholarships for students, researchers and staff from Europe and from the target countries in order to study or carry out research, training or teaching at one of the partner universities. Individuals can participate to the scholarship program on a wide variety of academic fields at different levels of study (Undergraduate, Master, Doctorate, Post-doctorate and Staff) offered by the partner Universities.

The scholarships will contribute to cover the expenses of the individual mobility, including travel costs, subsistence, insurance and participation costs.

Scholarships will be awarded to applicants selected by the Partnership. Candidates interested in a mobility and the related scholarship must apply through the project's online application system during the application period following the regulations described in this document.

This Call for Applications concerns a Second Cohort of mobilities that will be starting on the following dates:

- Staff mobilities can start at any time during the years 2013-2015 and must end before October, 2015.
- All other mobilities must start no later than December 31, 2014.

The following documents mentioned in this Call are available for download on the project web site:

Eligible applications will be evaluated and graded on the basis of the following evaluation criteria:

Main evaluation criteria:

- Academic quality and relevance, verified through transcripts of records, university degrees, Work Plan Proposal, letters of recommendation and CV
- Language skills in relation to the requirements of the chosen course/program
- Motivation

Cross-cutting evaluation criteria:

- Gender balance
- Disadvantaged conditions such as disabilities and economical disadvantage

5.2 Notification and award of scholarships

All applicants will be notified by email of the selection outcomes within three months of the Call for Application closing.

Only written notifications sent by the Partnership Coordinator are official. Any other communication by other parties, including project Partners, will not be considered valid.

At the same time, the Partnership will publish the lists of selected, reserve and not-selected candidates on the project web site and will submit them to the Education Audiovisual and Culture Executive Agency (EACEA) of the European Commission.

The notification to selected applicants will include a scholarship offer. Candidates will be required to reply for acceptance or rejection of the scholarship within seven calendar days by filling in the scholarship offer that will be sent to them.

Applicants in the reserve list may later be selected in case of withdrawal of previously selected applicants. In this case the applicant will be notified and will be required to accept the scholarship as above. Selection of reserves is an ongoing activity and lasts during the current cohort's starting year until the latest date for mobility start.

5.3 Appeals

In accordance with the Erasmus Mundus "Minimum Requirements for the Selection Procedure", the Partnership is responsible for managing appeals that candidates may put forward in relation to the results of their application.

Appeals must be sent in written form by the candidate to the Partnership Coordinator within 7 (seven) days of notification and must be clearly documented with well justified reasons. Appeals submitted by third parties will not be considered.

The Partnership will reply to the appeals within 40 (forty) days of the appeal.

All grant holders will be asked to subscribe a specific Scholarship Contract concerning their duties and responsibilities in relation to the scholarship (sample available for download from the project web site). This agreement will need to be signed before the grant holder can start receiving the scholarship.

Grant holders will be admitted to the host university following the registration procedure as defined by the host university. Partner Universities may not request selected candidates to undergo any further selection.

Grant holders are required to comply with the local admission requirements at the host University and to follow the standard individual registration procedure at the host institution.

Before starting the mobility, grant holders for exchange mobilities at the Undergraduate level will have to draft an ECTS Learning Agreement (template to be downloaded from the project web site), to be signed by both the host and home institutions before the start of mobility.
